Saturday, Mar. 21, Porter Auditorium

AXIS International Festival
Saturday, Mar. 21, Porter Auditorium

GLOBAL Drag Show
Wednesday, Apr. 22, 7pm, Taylor Amp

While pulling a STUNT …don’t forget to also enjoy these great Spring events!
9 Tips to Start the Semester Off Right
By Jamie Thames, LPC, Director of Student Counseling Services

1. Checklists—keep it basic
It’s a great way to get a visual. After you write down the tasks, you’re more likely to remember them.

2. There’s an app for that
Evernote lets you take notes anywhere, and you can sync it with a computer. Milk, MyHomework, Wunderlist, and CourseSmart provide helpful tools, reminders and lists; track your course assignments, or access textbooks right on your phone.

3. Plan
Use your planner, apps, and any other tools to work ahead on projects and to prepare for just the next day. Getting your backpack, folders, notebooks, and lunch prepped at night will make your morning go smoothly.

4. Pick a parking spot (for your stuff)
Choose a spot to keep your bag, notebooks, and other equipment, and you’ll be ready to grab it and go.

5. Take a breather
It’s important to take time for yourself, like giving yourself plenty of time in the morning to get ready. You’ll feel more prepared and relaxed with a clear head.

6. Toss it!
Take the time to clear off your desk, couch, car, wherever. You’ll feel more prepared and able to see more clearly what your priorities are.

7. Blue equals history
Color-coded folders and notebooks for courses make sure you’re not grabbing the wrong materials.

8. Zzzzzzzz...
A full night of rest makes us more alert, productive, and less likely to make mistakes. Sleep also improves psychomotor performance.

9. Enjoy!
If you have fun and enjoy your experience in the classroom, you’re more likely to be prepared.

Welcome back! I hope that you are ready to move into the spring semester with new energy and a strong desire to succeed. Here are a few tips to help you on your way:

- Be sure to keep alert and aware of your surroundings for safety on and off campus. It is easy to get distracted with all of the upcoming events and let your mind get full of what you are planning, so that you may forget to pay attention to what you are doing and where you are. Try to remain mindful of your surroundings.

- Be an example for other students to follow in your footsteps. Be considerate of others around you, who have their own plans, desires and dreams. We want everyone to feel welcome and safe at all times.

- If something of concern arises, please call your Wesleyan Police Department for assistance. We are here 24 hours a day, seven days a week. In compliance with campus rules and Georgia laws, we strive to maintain fairness, safety and security on campus. We are here to help students, faculty and staff, and you can also help by reporting any suspicious activity you may see or hear.

You may call the Wesleyan Police at 475-757-5145 (radio) or 478-960-7969 (cell). Please program these numbers in your phones so you can call us anytime.
